TORONTO, ON

You're looking for a change. Transferring to the University of Guelph-Humber will give you more of what you're looking for—focus in your field, personal attention in class, interaction with peers and professors, and support for academics, skill development and yourself.

Our full-time and part-time degree programs can move you ahead with your career goals, whether you are looking to explore new areas of study, forge a path to graduate studies or expand your employment options.

Full-time Options

“I absolutely loved the program—the small class sizes were excellent, I was able to get to know pretty much all my classmates, and I was on speaking terms with all my professors. It’s just so easy to speak to them before and after lectures, or during breaks. It’s not intimidating to raise your hand and ask questions.”

“The labs are also really great because it’s an even smaller setting—you’re working with 15, 20, 30 people at most in smaller labs, but the professors are really good with making sure everyone gets personal attention.”

Sajan P.

College Block Credit Transfer Applicants

Our college block credit transfer pathways allow you to move seamlessly with your college diploma into our honours degree programs. Please view the chart on page 5 to determine which diplomas will reduce your time towards your degree!

Are you eligible for this pathway?

If you are in your final year of diploma completion or have a completed diploma and your diploma is listed in the chart on page 5, then you are eligible to receive a block of predetermined transfer credit. The diplomas listed in the chart have been determined to have academic alignment with a University of Guelph-Humber program and have met specific high school subject admission requirements. Diplomas must be granted by a recognized institution.

Transfer credit

Please refer to the chart (page 5). Note:

- > Approximately 1 year of full-time study or 10 courses are equivalent to **5.0 credits**
- > Approximately 2 years of full-time study or 20 courses are equivalent to **10.0 credits**

An official Transfer Credit Assessment will be included with your offer of admission.

Admission requirements

Applicants require a minimum cumulative average of 75% for admission consideration.

All programs have an estimated cut-off cumulative average of 75%. Exact cut-offs for the current cycle will be determined by the quantity and quality of applications received and the number of places available in the respective program. Possession of a cumulative final average at or above the estimated cut-off does not guarantee an offer of admission.

Vulnerable Sector Screening

If your program has a placement component that begins in your first semester at the University, it is important to note that you may be required to complete a Vulnerable Sector Screening/Check before your placement begins. Please visit guelphhumber.ca/placements for additional details or speak with us.

The University of Guelph-Humber and Humber College are located within the traditional and treaty lands of the Mississaugas of the Credit. Known as Adoobiigok, the “Place of the Black Alders” in the Michi Saagiig language, the region is uniquely situated along the Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Adoobiigok continues to provide a vital source of interconnection for all.
